

Sr. No.	Questions	Answer Choices				Correct Answer
		A	B	C	D	
1	In which country futures trading in diamond started first?	China	India	USA	Japan	India
2	Which was the stock exchange in India to have launched first options in goods?	NSE	MCX	BSE	NCDEX	BSE
3	Which stock exchange launched for the first time diamond futures in the world?	ICEX,India	BSE,India	NCDEX,India	NSE, India	ICEX,India
4	Which state contributes the highest to the production of minerals in India?	Chhattisgarh	Odisha	Rajasthan	Bihar	Rajasthan
5	India is largely self-sufficient in which mineral fuels?	coal	petroleum	natural gas	lignite	coal
6	Among metallic minerals, India is self sufficient in	iron ore	gold	copper	bauxite	iron ore
7	In the worldwide oil industry, an oil barrel is defined as	42 US gallons	58 US gallons	62 US gallons	60 US gallons	42 US gallons
8	Gold and silver are categorised as	currency	rare metals	bullion	base metals	bullion
9	Which is the leading copper producing nation in the world?	China	US	Peru	Chile	Chile
10	Gold prices in India are affected by	interest rate movements	currency fluctuation	inflation	none of these	All the three
11	Maximum use of nickel is in the	stainless steel sector	metal and alloys sectors	chemical industry	coin-making	stainless steel sector
12	Which commodity India is importing owing to zero domestic production?	copper	aluminium	zinc	nickel	nickel
13	London Metal Exchange is providing a trading platform for the participants who wish to safeguard against risk due to adverse price movements in	bullion	iron ore	soft commodities	non-ferrous base metals	non-ferrous base metals

Sr. No.	Questions	Answer Choices				Correct Answer
		A	B	C	D	
14	Among these, which is the largest gold mining company in the world?	Barrick gold, Canada	Polyus, Russia	Newmont goldcorp, USA	Anglogold Ashanti, South Africa	Newmont goldcorp, USA
15	Indian crude oil futures are benchmarked to	LME	CME WTI crude oil prices	CME Henry Hub	COMEX	CME WTI crude oil prices
16	Indian natural gas futures are benchmarked to	Henry Hub	LME	COMEX	Intercontinental Exchange	Henry Hub
17	Indian gold and silver futures are benchmarked to	COMEX	LME	Platt's	Henry Hub	COMEX
18	Which is the top silver producing country in the world?	Chile	US	Brazil	Mexico	Mexico
19	Which is the top gold producing country in the world?	United States of America	China	Russia	UK	China
20	Which commodity is considered as investment vehicle?	gold	copper	iron	steel	gold
21	Why gold is considered as investment vehicle?	maintaining its value and purchasing power during inflationary periods	available in large scale	demand for coins	easy to transport	maintaining its value and purchasing power during inflationary periods
22	What are the options available to invest in gold?	Sovereign gold bond	Gold backed ETF	Gold monetisation scheme	All the three	all the three
23	Which is the key factor for gold demand in India?	jewellery	investment	central bank reserve	technology	jewellery
24	During April 2020, the price of which commodity witnessed an unprecedented decline to reach negative level in commodity derivatives market in the world?	gold	natural gas	crude oil	copper	crude oil
25	Which commodity is considered as safe haven in times of high uncertainty?	silver	crude oil	gold	platinum	gold

Sr. No.	Questions	Answer Choices				Correct Answer
		A	B	C	D	
26	Which commodity is 100% recyclable without any loss of its natural qualities?	copper	nickel	aluminium	zinc	aluminium
27	Which commodity is an alloy of copper and zinc?	nickel	lead	brass	tin	brass
28	Which is the metal mainly used as anti-corrosion agent?	copper	nickel	zinc	brass	zinc
29	Which commodity is known as black gold?	zinc	crude oil	natural gas	nickel	crude oil
30	Where are the majority of crude oil reserves located?	Middle east	India	Australia	China	Middle east
31	What is the key use of crude oil in India?	producing petrol & diesel	producing various forms of petrochemicals	Producing fuel for cars trucks airplanes and boats	lubricants for all kinds of machines plastics for toys, bottles	producing petrol & diesel
32	Which commodity is cleanest and safest and most useful in all energy sources?	coal	crude oil	natural gas	jet fuel	natural gas
33	Which country has largest natural gas reserves in the world?	Algeria	Russia	Qatar	Venezuela	Russia
34	Where major diamond mines are found?	south Africa	India	china	Australia	South Africa
35	Which is the top diamond mining company in the world?	De Beers	Alrosa	Rio Tinto	all the three	all the three
36	Which is the important diamond trading and cutting centre in India?	Surat	New Delhi	Ahmedabad	Mumbai	Surat
37	Which among the given options is a parameter based on which the price of diamond is determined?	colour	cut	clarity	all the three	all the three

Sr. No.	Questions	Answer Choices				Correct Answer
		A	B	C	D	
38	In terms of physical dimension which commodity is categorised as flat product and long product	bauxite	aluminium	steel	manganese	steel
39	Which country is second largest steel producing country in the world?	China	India	South Korea	Italy	India
40	In which sector steel flat products are not being used?	automobile	domestic appliances	construction of roads	ship building	construction of roads
41	Which metal stands for the highest consumption in base metal?	brass	copper	aluminium	lead	aluminium
42	Which metal is excellent conductor of heat and electricity?	Brass	zinc	lead	copper	copper
43	Which is the lightest metal in the world?	copper	brass	aluminium	tin	aluminium
44	Which is the raw material used for the production of aluminium?	brass	zinc	bauxite	copper	bauxite
45	What are the upstream process involved in non ferrous metal industry?	mining	smelting	refining	all the three	all the three
46	What are the downstream process involved in non ferrous metal industry	casting	fabricating	recycling	all the three	all the three
47	What is the primary form of aluminium?	ingots	billets	wire rods	cakes	ingots
48	What is the primary form of copper?	cathodes	cakes	rods	billets	cathodes
49	What are the primary form of zinc and lead?	ingots	billets	rods	cakes	ingots
50	Which are the downstream products in case of aluminium?	flat rolled products	extrusions	foils	wires	flat rolled products

Sr. No.	Questions	Answer Choices				Correct Answer
		A	B	C	D	
51	Which are the downstream products in case of copper?	rods	wires	sheets	strips	rods
52	Which are the downstream products in case of zinc and lead?	extruded products	profiles	tubes	rods	extruded products
53	Which entity is playing role in copper industry structure at initial stage?	miners	integrated producer	custom smelters	secondary producer	miners
54	Which country has highest bauxite reserves in the world?	Indonesia	Guinea	India	Brazil	Guinea
55	Which state is having highest bauxite reserves in India?	Rajasthan	Odisha	Andhra Pradesh	Bihar	Odisha
56	In which state of India copper mines are concentrated in large scale?	Rajasthan	Bihar	Jharkhand	Madhya Pradesh	Rajasthan
57	Please read the given statement and then select the right option as your answer: "Primary non ferrous metals industry is dominated by few large players, while secondary segment is fragmented and unorganised"	TRUE	FALSE	Partially true	Not sure	True
58	Which is the vertically integrated company in case of copper?	Hindalco	Vedanta	NALCO	HCL	HCL
59	Please read the given statement and then select the right option as your answer: "Production of one tonne of aluminium requires 2 tonne of alumina while production of one tonne of alumina requires 3-4 tonne of bauxite"	FALSE	partially true	true	Not sure	true

Sr. No.	Questions	Answer Choices				Correct Answer
		A	B	C	D	
60	Which metal production needs abundant amount of energy	nickel	copper	aluminium	brass	aluminium
61	To which country India exports primary copper and copper products?	France	Indonesia	Taiwan	Brazil	Taiwan
62	In India, which is the key sector from the aluminium consumption point of view?	electrical sector	transportation	consumer durables	building and construction	electrical sector
63	Which country in the world accounts for the highest lead reserves?	China	Peru	Australia	Bolivia	China
64	About 75% of lead used in producing	batteries	alloys	cable sheathing	rolled and extruded products	batteries
65	From which country India imports lead scrap?	Australia	South Korea	Malaysia	Canada	Australia
66	To which country India exports lead products?	Germany	UAE	USA	UK	Germany
67	Please read the given statement and then select the right option as your answer: "Zinc is primarily used in galvanisation of steel in order to prevent rusting."	TRUE	partially true	FALSE	Not sure	True
68	Which country accounts for the highest zinc reserves in the globe?	Australia	India	Kazakhstan	Mexico	Australia
69	In India, which is the only producer of primary zinc as well as the only integrated producer of primary zinc ore?	Hindalco	Hindustan Zinc Ltd.	Hindustan Copper Ltd.	Vedanta	Hindustan Zinc Ltd.
70	Dubai Mercantile Exchange is sole benchmark for	Oman crude oil	furnace oil	heating oil	brent crude oil	Oman crude oil

Sr. No.	Questions	Answer Choices				Correct Answer
		A	B	C	D	
71	Which is the major importer of zinc ores and concentrates from India?	Spain	Belgium	China	Kazakhstan	China
72	To which country India exports zinc and alloys?	Malaysia	Indonesia	Singapore	Nepal	Indonesia
73	Which is the major port for non ferrous metal scrap in India?	Tuticorin	Kandla	Nhava-Sheva(Mumbai)	Visakhapatnam	Nhava-Sheva(Mumbai)
74	Which is the principal country producing cobalt in the world?	Morocco	Finland	Republic of Congo(DRC)	Zambia	Republic of Congo(DRC)
75	Based on the growth and development of the key industrial sectors which core schemes and programme are planned by the Government?	Make in India	National Solar Mission and Housing for All	Power for All	All the three	all the three
76	Among the products derived from crude oil, which are covered under essential commodities Act in India?	petrol and diesel	naphtha	asphalt	Tar	petrol and diesel
77	All the non ferrous metal contracts are benchmarked to which Exchange in the world?	Dalian Commodity Exchange	Chicago Board of Trade	London Metal Exchange	MCX	London Metal Exchange
78	Which metal is the most preferred and environment-friendly packing material?	nickel	tin	brass	aluminium	tin
79	Which is the only State in India that produces tin concentrates?	Odisha	Andhra Pradesh	Chhattisgarh	Bihar	Chhattisgarh
80	Which is the key consumer industry of tin in India?	tin plate industry	solder industry	consumer durables	electrical applications	tin plate industry
81	Which is the leading tin producing country in the world?	China	Australia	Vietnam	Bolivia	China
82	Which is the largest producer of sponge iron in the world?	Kazakhstan	Spain	India	Indonesia	India
